Stop Itching Eczema

Never mind how often you have tried and failed, you can stop itching, itching eczema quickly by applying Zemo. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, netter, pimples, rash, blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

Rupture Kills 7,000 Annually

Seven thousand persons each year are laid away—the burial certificates being marked "Rupture." Why? Because the unfortunate ones had neglected themselves or had been merely talking cures of the sign (swelling) of the affliction and paying no attention to the cause. What are you doing? Are you neglecting yourself by wearing a truss, appliance, or whatever name you choose to call it? A truss, the truss is only a makeshift—a false prop against a collapsing wall—and can not be expected to act as more than a temporary support. The binding pressure retards blood circulation, thus robbing the weakened muscles of their vitality, which they need most. But science has found a way, and every truss sufferer in the land is invited to make a FREE test right in the privacy of their own home. The "FLAPAD" method is unquestionably the most scientific, logical and successful self-treatment for rupture the world has ever known. The FLAPAD PAD when adhering closely to the body can not possibly pull or shift or pinch, therefore, can not chafe or pinch. Soft as velvet—easy to apply—inexpensive. To be used whilst you work and whilst you sleep. No straps, buckles or springs attached. Learn how to close the hernial opening as nature intended so the rupture CAN'T come down. Send your name today to FLAPAD CO., Block 48, St. Louis, Mo., for FREE trial Flapad and the information necessary. adv.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyneth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get at your hair at once with Wyneth's Sage and Sulphur Compound and look years younger. adv.

SHOES WEAR LONGER

When you walk in comfort, so do stockings. A package of Allen's Foot-Ease, the antistatic powder to shake into the shoes and sprinkle in the foot-bath, gives you that "old shoe" comfort. Allen's Foot-Ease stops the pain of bunions, corns and calluses, and makes tight or new shoes feel easy. Ladies can wear shoes one size smaller with the same comfort by shaking some Allen's Foot-Ease in each shoe in the morning. Sold everywhere. adv.

VIENNA, April 21. (By the Associated Press.)—Forces commanded by Petura, the Ukrainian peasant leader, have retaken Zhitomir and Proskurov and also secured the admission of 10,000 Bolshevik troops, particularly those originating in East Ukraine, according to a wireless dispatch received here from Tarnopol.

It would appear that Petura's plan, which he forecast some time ago to the Associated Press, of cutting behind the Bolsheviks advancing into Rumania and toward Odessa, is succeeding. It is stated he brought about the disaffection of the Bolshevik soviet party by fighting and partly by persuasion. This was made more easy, it is reported, since the Bolsheviks extended 500,000 roubles during their brief occupation of Zhitomir.

Petura is still hoping the allies will realize the advantage of assisting him. He and M. Holubowicz, premier of West Ukraine, have been heartened by recent visits of American, French and Italian missions at Stanislaw. During the conference at Odessa between the French and Ukrainian, prior to the evacuation of that city, it is asserted that the French admitted they had been misinformed regarding the Ukrainian government and that they were preparing to extend organization and technical aid to the Ukrainian troops.

Petura has asked the Associated Press to state he would be glad to have the help of the American and French governments in his campaign, as his government is helpless to combat the spread of infectious diseases which now are prevalent in Ukraine.

LONDON, April 21.—The first Bolshevik army, operating in the region of

Hemel, along the Pripiet river, has surrendered to the Ukrainians, according to a statement issued by the Ukrainian press bureau and forwarded from Vienna to the Central News. Up to the time this report was forwarded 20,000 rifles, 25 guns and 300 machine guns had been handed over to the Ukrainians.

SEBASTOPOL EVACUATED BY CRIMEAN OFFICIALS

LONDON, April 21. (By the Associated Press.)—Sebastopol has been evacuated by the Crimean government which is proceeding to Constantinople. The government of Sebastopol is now in the hands of the revolutionary committee.

This announcement is made in a Russian wireless dispatch, which adds that after negotiations with the allied command, an agreement was reached for an eight days' armistice, expiring April 25.

Early in April the allied troops were driven back in Crimea when the Bolshevik forces captured Perekop. The retreat of the allied forces was followed by the allies for the protection of the Russian naval base at Sebastopol, but the allies were greatly outnumbered and have been continuously pressed back.

Other reports said recently that a French squadron was on the way to the Black sea, presumably with the object of saving the great naval base. Russian wireless advices on April 17 reported the soviet forces advancing in the direction of Simferopol, the capital of Crimea.

Advance Sale For Scotti Opera Co. Promises Shortage

If you want to hear the Scotti Grand Opera company in either appearance at the New Lyric theater on April 23 or 24 you had better secure your seat at once. The Scotti Grand Opera company, the advance sale has been large and there is only a limited number of seats left, about 115 for the Monday performance and 62 for Tuesday night.

The operas, "L'Oracolo" and "Cavalleria Rusticana" will be presented on the opening night. Critics say that the Scotti Grand Opera is the one he plays in the first named, and much interest is being shown in his appearance there, especially on Tuesday night. The other operas so frequently, "Madame Butterfly" will be given Tuesday night, and a packed house is already expected.

The cast is composed of excellent singers and musicians, members of the Metropolitan Opera company or others of recognized distinction.

The local management is highly gratified at the interest manifested in the company's coming and a large out-of-town attendance is assured.

CENTRAL HIGH SCHOOL THREATENED BY FIRE

Fire of mysterious origin, believed to have been started by trespassers, early Monday threatened to consume the Central high school building, Linden avenue and Bellevue boulevard.

The fire started in the first-aid room in the basement of the building, under one of two cells used for emergency cases. It is the opinion of Chief Kizmor of the fire department that some trespasser, who had slept on the cot Monday night through carelessness had caused the blaze. A citizen passing shortly after 10 o'clock discovered the flames from the windows of the room and sent in an alarm.

The flames were confined to the room, with about \$100 damage.

CHRISTIAN CONVERTS ARE SLAIN BY JAP OFFICERS

TOKIO, April 21. (By the Associated Press.)—Special dispatches from Korea state that members of the Christian mission at Tegalong, near Seoul, clashed with gendarmes during a riot there, of which the mob, killing 20 and wounding many of those engaged in the demonstration.

PARTIAL PHONE SERVICE RESUMED; STRIKE ENDED

BOSTON, April 21.—Telephone service here and in other places affected by the strike of operators and electricians of the New England Telephone and Telegraph company was resumed in part today. Wherever available on short notice many day operators began their duties, while the full restoration of the settlement of the strike, which started last Tuesday.

Other operators awaiting their tour of duty, gathered at their various meeting places to act on the agreement reached with the telephone company and the strike committees. Although the operators and allied workers have been asked to return to work until they had considered the situation carefully in mass meeting.

PLAN TO MAKE VIENNA SECOND BOCHÉ CAPITAL

BERLIN, April 21. (By the Associated Press.)—The government has a plan for recapturing Vienna as the second capital of Germany by having President Ebert preside there part of the year, to transfer certain imperial business to that city and even hold some meetings of the national assembly there, according to German press.

It is desired to convince the Austrians that they will not suffer too much by the joining of Austria and Germany.

NATCHEZ REPORTS ADVANCE OF \$100,000

NATCHEZ, Miss., April 21. (Sp.)—One hundred thousand dollars in advance of the Natchez Victory loan campaign, reported by E. H. Henderson, chairman of the Natchez Victory loan campaign, that the Natchez Victory loan campaign has been planned and it is thought there will be no difficulty in securing the full quota.

CREAMERY ESTABLISHED

NEWBERN, Tenn., April 21. (Sp.)—A cream station has been established in Newbern under the management of J. T. Smith, a merchant here, who ships the cream to the City Consumers' company at Paducah, Ky.

Calomel Loses You a Day's Work! Take Dodson's Liver Tone Instead

Read my guarantee! If bilious, constipated or head-achy you need not take nasty, sickening, dangerous calomel to get straightened up.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much, but if it fails to give relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition. adv.

Careful Reliable Dentist

We offer you the services of qualified, expert dentists at the LOWEST FEES consistent with the BEST WORK.

NEBRASKA TAKES STEPS TO PROTECT AGAINST WAR LESSONS

Two Statutes Passed by Legislature to Counteract Alien Enemy Progress in State Due to Conflict.

BY DAVID LAWRENCE.
(The News Scimitar's Special Correspondent.)

OMAHA, Neb., April 21.—Nebraska has just taken a step which shows that while the war ended six months ago some of the lessons taught by war have not been forgotten or ignored but on the contrary have been written into law.

When the United States decided on hostilities Nebraska, like other states and communities, began to inspect her population to discover the main sources of sympathy with Germany. Out of a population of 1,300,000 more than 300,000, and a large percentage born in central Europe, or one man out of 17, was an alien enemy. Also it was discovered that schools were in existence where English was never taught. German was the language spoken. Other schools as well as the public schools were maintained either by Catholics or Protestants. Now two laws have been passed of such far-reaching importance to the Americanization of America that other states surely will imitate Nebraska.

Two New Laws

First there is the foreign language Seman law and second the parochial and private schools act. Those prohibit the teaching of any foreign language in either public or private schools in this state below the seventh grade. Parochial and private schools are required to maintain a course equivalent to that of the public schools. Inspectors in all schools must be certificated in the English language and no foreign language is forbidden except on Saturday and Sunday; any religion may be taught in the English language on any day of the week in private or parochial but not in the public schools.

All schools are under the jurisdiction of the state superintendent of education. No foreign language can be used in public gatherings except in lodges and churches. This prohibition of foreign tongue in the speaker and in an effective blow as has been struck anywhere in America against the Russian agitators and Bolsheviks who have been working in different parts of the country. The law hampers all they teach and must be a great help to the speech out here and they have L. W. W.'s and nonpartisan leagues and what not.

These laws were enacted by a Republican legislature which simply met the demand of the Americans in the state that the children of the state make their residence here shall not be permitted to grow up without being taught the English language and American institutions. The legislature is considered radical in many respects, but in this it has met the wishes of all parties. Of course, the private schools of both Protestant and Catholic denominations did not want to be under control of the state, but there was no discrimination in favor of either, all were in the same boat, so no religious issue was raised. The law is a good one, done in support of the war once declared. The league of nations is very popular. Folks did not stop to analyze the first draft of the covenant and they did not pick it to pieces. They simply thought it was a good thing and good for the state and the country.

Government ownership of railroads is popular or unpopular, dependent upon the class of people interviewed. The business interests and shippers are against it though lately the war has made a noticeable diminution in the complaints against the service. But the mass of the people, including labor generally and the railroad workers, are strong for it, and it is going to be pretty hard for any Republican candidate in the next presidential election to advocate any return of the railroads to a private basis. They have the feeling that the public was couched under private ownership, and only such proposals as will absolutely safeguard the public will gain attention in those parts.

President Wilson is still very much respected, but some of the halo with which he used to be enveloped has departed. Since the war ended there has been more criticism than ever before, although much of the president's mistakes and trouble are attributed to subordinate. Democrats are enthusiastic for him, of course, and some are more even intense in their worship. Many Republicans, too, still believe in Mr. Wilson's philosophy and altogether his stand at the peace conference has kept his prestige above par with the rank and file.

This state oscillates between Democratic and Republican electoral contributions in proportion to the prevailing opinion. It is so divided that no one could say definitely that Nebraska was one or the other as it would seem to be possible in Indiana, Ohio or Illinois.

Contentment, of course, never will come till the millennium does. But the farmers in this respect are prosperous and have planted a large acreage of wheat. Farm labor is scarce, as is clerical help in the cities. Particularly in the west there is a shortage of unskilled labor, for which 40 cents an hour, an unprecedented rate for this section, is being offered. Skilled labor is in demand, incidentally there is a house famine here as elsewhere. During the last 20 years Omaha has built an average of 2,500 homes, but there is a shortage of unskilled labor, for which 40 cents an hour, an unprecedented rate for this section, is being offered. Skilled labor is in demand, incidentally there is a house famine here as elsewhere.
